Away back in those times he hauled his
tobacco over in wagons, now he ships it
by rail. How times do change.

A responsible man is authority for
this rare egg story. Joseph Aldridge, of
Cannelton, Ind., sent last Wednesday to
his father, Squire Aldridge, who resides
in Hawesville, an egg hatched with the
following inscription on the small end:
"Free Silver," and around the center:
"1900."

Will R. Moorman writes us from
Klotzville, La., enclosing a dollar for the
News. Will, as every body knows him
here at his old home town, says he is
married, has a good wife and nice home,
and a good position and is doing well,
all of which the News is glad to know,
as are also his many friends.

M. V. Marlow bought for the Cincin-
nati Copeage Company last week a
tract of land from Paul Fackler paying
him \$3,500 incash. There were 305
acres. This Company is turning loose its
money in this county pretty freely again.
It means employment to a good many
men and teams this spring and summer.

and Silas Lillard. The suit involves the
settlement of a tobacco partnership heret-
ofore existing between the parties. The
Attorneys are Messrs Murray and Mur-
ray for Miller and J. A. Dean, of Owens-
boro, for Lillard.

A ewe dropped a lamb last Friday
on the farm of Mr. Julius Hardin about
four miles from this place. It is quite a
curiosity and upon examination, this is
the description of it given to a News
representative. Its head was perfectly
round, had neither eyes nor mouth, only
one ear, and that in the center of its
head and which had Mr. Hardin's cattle
mark to perfection.

Died.

Dr. R. J. Napper was born in Galham-
ton Parish, Somerset county, England,
August 15, 1835. He came to America
in 1870. Settled in Stephensport, Ky.,
about twenty years ago, where he united
with the Baptist church of which he was
a useful member until his death, which
was March 22, 1897. During his long ill-
ness he never complained, but said "The
will of the Lord be done." No one who
witnessed his saint-like patience through
his long suffering, could question his
hope. He was of an exceeding affable,
sunny disposition. His home was full of
laughter and domestic happiness, where
all friends delighted to visit. His funeral
was presided by Rev. E. N. Medcalf
in the Baptist church, after which the
remains were interred in the family bury-
ing ground to await the great resurrec-
tion morn. He leaves a wife to mourn
his loss, and during the time she waited
on him day and night with a devotion
and faithfulness, which was beautiful,
also a brother, in Cloverport, Mr. G. P.
Napper, and a nephew, Fred Napper, of
LaGrange, Ky. May the God of love
and consolation be with them in this sad
hour of bereavement.

City Council.

The monthly meeting of the City
Council convened at the City Hall, Mon-
day, with all present except Mr. Lillard,
from the Second ward. The house was
called to order at the regular hour by the
Mayor. The minutes of last meeting
were read by the clerk and approved.
The Mayor calling for any unfinished
business, the question of Mrs. Rod-
gers' stable was brought up, as to
whether it had been attended to or not.
It had not, and it was ordered
to be done at once. New business was
then asked for, the outstanding bonds
due the city for fines was ordered to be
looked after. The Street Committee had
no report to make. Finance Committee,
nothing special, only that the Sinking
Fund was not increasing any. The reg-
ular allowing of claims and accounts were
taken up for disposition. Mr. Oulz put
the question of selling beer by the keg,
by agents to individuals. He was in
favor of putting a tax on every keg, when
sold outside of saloons. He said it was
a disgrace to allow this Sunday drinking
to go on. This was held over for fur-
ther investigation. The Mayor then
presented to the Council, his "cow"
ordinance, this was referred to the Ord-
inance Committee. The Council held on
longer at this meeting, than any previous
one, a motion was put to adjourn, but a
second could not be heard. A number
of motions were put to adjourn but a
second was in vain. A visitor would have
come to the conclusion that they were
trying to elect a "Senator." Finally
after they were about worn out, a motion
was made to adjourn and then a second
came. All of the officer's salaries were
allowed.

I heard of Dr. Bell's Pine Tar Honey,
and seeing many recommendations from
different persons, of its wonderful valua-
ble merits, I thought I would try a bottle.
I have been seriously affected for twenty-
five years with a cough and pains in my
side and breast that were causing me a
miserable life. I spent hundreds of dol-
lars with doctors and for medicines, but
everything failed until I found this won-
derful remedy. It beats the world and
has saved my life. I recommend Dr.
Bell's Pine Tar Honey to everybody with
weak lungs. It is a great success.

Phillip Heck Shot From Ambush.
CANNELTON, IND., April 5.—(Special.)
Phillip Heck, agent for the Fulton Brew-
ing Company, was waylaid and shot
while returning to his home between the
hours of 11 and 12 o'clock. He was in
fifty yards of his residence, when some
one fired four shots at him from ambush.
Two shots struck him, one ball enter-
ing above the left hip, the other going in
under the right shoulder blade. He did
not fall, but staggered home and was
able to get inside. Dr. Eads was imme-
diately summoned and it was first
thought that he was not fatally hurt, but
his death is now expected. The town is
very much excited over the affray. His
assault made his escape. There has
been seen on the streets most every
night, a person dressed and veiled as a
woman, and suspicion is centered to this
one.

In a letter to the manufacturers Messrs
Davis & Buzzard, of West Monterey, Pa.,
say: "Chamberlain's Cough Remedy
has cured people whom our physicians
could do nothing for. We persuaded
them to try a bottle of it and they now
recommend it, as do the rest of us." For
sale at 25 and 50 cents per bottle by A. R.

Robert Beavin Killed By a Runaway Mule.
Robert Beavin, a young boy thirteen
years of age, met death in a painful way,
yesterday at noon, near Ball Town. When
the time to quit work for dinner came
the little fellow straddled a mule and
started for the stable. While on his way
a dog frightened the mule and he com-
menced to run, this scared the boy and
he lost control of himself, as well as of
the mule. He became entangled in the
harness and was dragged for some dis-
tance, the mule all this time kicking him
in the breast, tearing the flesh complet-
ly off of him. Clint Beavin, the boy's
father, had concluded to walk, and upon
nearly reaching the stable, he found the
mule standing perfectly still with his boy
in a lifeless condition.

Sheriff Pate Captures the Negro Murderer
Spencer.

Peyton Spencer who killed Sam Owen
near Glendene last October was
arrested in Henderson Monday. Spen-
cer has been working on a farm in Hen-
derson county ever since the killing and
Sheriff Pate has had his eye on him
Monday Spencer walked into the city of
Henderson and Wm. Thompson, who
was down there recognized him and had
him arrested. The marshal telegraphed
Pate that he had him and he went down
after him Monday night returning with
him last night to Hardinsburg. There
was a reward of \$150 for his capture.

If you have ever seen a child in the
agony of croup, you can appreciate the

without it—Short & Haynes.

Call of Democratic Committee.

James Whitworth, former Chairman of
the Democratic Executive Committee of
Breckenridge County having resigned as
such Chairman, we, the undersigned
members of said Committee (said Whit-
worth refusing to act further) hereby
call the Committee to meet at Hardin-
burg, Ky., at one o'clock p. m. on Mon-
day April 19, 1897 to elect a Chairman
and to transact such other business as
may be brought before it.

Sunday night with a good number in
each class. Mr. J. J. Husk was elected
Superintendent of the school, James
Harris, Secretary.

The spirit of partisanship is the great-
est obstacle in the way of reform. When
labor organizations have educated their
members to lay aside all party prejudice
we can then take a calm survey of the
situation.

The nuptials of Mr. Will Hardin and
Miss Mollie Downs were solemnized Sun-
day evening in the presence of a large
congregation of the Cumberland Presby-
terian church, Rev. S. J. Ritchey officiat-
ing, Miss Sadie Newberry acting as
bridesmaid and Mr. Cleo Reardon as
groomsman. The bride is the amiable
daughter of John Downs at this place.
The groom is a well-to-do and highly
respected young farmer near Pellville.
They have the best wishes of their many
friends for a long and happy life.

THE MUSIC OF NIAGARA.

A Musician Hears the Harmonies and the
Rhythm of the Mighty Cataract.

Eugene Thayer, the well known or-
ganist, has published an analysis of the
music of Niagara falls. He says:

"It had ever been my belief that Ni-
agara had not been heard as it should
be, and in this belief I turned my steps
hitherward. What did I hear? The roar
of Niagara? I heard nothing but a per-
fectly constructed, musical tone, clear,
definite and unapproachable in its ma-
jestic perfection, a complete series of
tones, all uniting in one grand and to-
table union, as in the organ."

Mr. Thayer then described at some
length the compound nature of a given
tone and illustrates the overtones or
partials of the lowest C of the 32 foot
pipe of the organ. Then he continues:

"I had long had a suspicion that I
should hear all this at Niagara when
her wonderful voice should first greet
my ears. It was just as I had supposed.
How should I prove all this? My first
step was to visit the beautiful Iris Is-
land, otherwise known as Goat Island.

My next step was to stand on Luna Is-
land, above the central fall, and on the
west side of the American fall proper.
I went on the extreme eastern side of
the island in order to get the full force
of the larger fall, and sat among the
rapids. Next I went to the Three Sisters
island.

"With more or less variation of pitch
at these and many other points, I heard
everywhere the notes of the chord of G,
only four octaves lower.

"I arrived at my conclusion both
theoretically and practically. Let me
first call attention to the third and
fourth notes, D and G.

"The ground note, G, was so deep, so
grand, so mighty, that I never could
realize it or take it into my thought or
hearing, but these two tones, only four
octaves lower, were everywhere with a
power which made itself felt as well as
heard.

"But, it will be replied, these two
notes were too low to be detected by the
sense of hearing. How did I determine
their pitch?

"I first caught the harmonic notes
above them that were definite in pitch,
and then, counting the number of vibra-
tions of these lower two notes, easily
determined their distance below."

"And here comes a curious feature
which proves that Niagara gives a tone
and not a roar. The seventh note, the
interval of the tenth, was of a power
and clearness entirely out of proportion
to the harmonics as usually heard in the
organ."

"Were the tone of Niagara a mere
noise, this seventh note would be either
weak or confused or absent altogether.

"What is Niagara's rhythm? Its beat
is just once per second."—Trinity Rec-
ord.

Novel Surgical Operation.

A quite novel surgical operation has
successfully been performed at Parma,
Italy, by Professor Verdeli, in the pres-
ence of all the physicians of the Par-
ma hospital, and with very satisfactory
results. The new operation was the
washing of the heart. It was the first
operation of the kind, and Professor
Verdeli employed the washing apparat-
us recently invented by Professor Riva.
After making an operative incision
Professor Verdeli first cleaned the peri-
cardium of the patient, a 12-year-old
boy, of the pus which had accumulated
therein and then proceeded to wash the
heart with a strong solution of soda bi-
carbonate (borex). The operation was very
successful, inasmuch as no further com-
plication has arisen. The boy is now
doing very well and is on the way to
complete recovery. Professor Verdeli
has received numerous congratulations
for his success with the new operation
from surgeons all over Europe.—Phil-
adelphia Record.

Cure All

Liver Ills.

Secret of Beauty

is health. The secret of health is
the power to digest and assim-
ilate a proper quantity of food.

This can never be done when
the liver does not act it's part.

Do you know this?

Tutt's Liver Pills are an abso-
lute cure for sick headache, dys-
pepsia, sour stomach, malaria,
constipation, torpid liver, piles,
jaundice, bilious fever, bilious-
ness and kindred diseases.
